

MOOC LOVE FOOD REDUCE WASTE

REDUCE FOOD WASTE WITH AFPA AND THE EUROPEAN LIFE FOSTER PROJECT

FREE REGISTRATION : https://mooc.afpa.fr/courses/course-v1:afpa+love_food+2020/about

ABOUT THE COURSE

The fight against food waste is now part of the skills expected of professionals in the food service industry.

The Afpa, which contributes to the European project LIFE Foster to fight against food waste, offers to inform and train you on this subject through this Mooc. <https://www.lifefoster.eu/fr/>

4 countries (Italy, Spain, Malta and France) participate in the Life Foster project and are committed to raising awareness of this issue among trainers, students, trainees, professionals and citizens.

WHO IS THIS COURSE FOR?

This Mooc is intended for **trainees and apprentices** who are being trained in a profession in the restaurant sector (kitchen and dining room) and for all **their trainers**.

It is also intended for all **professionals** in the sector (collective and gastronomic catering) who wish to share and mutualize their daily practices in the fight against food waste.

Finally, it also aims to raise the awareness of the **general public, politicians and decision-makers** through tutorials, workshops and seminars. Live courses on these issues that concern every citizen.

OBJECTIVES

The objective of this Mooc is to develop key skills for employment and progress in the labor market. The approach is to intervene at each level of the food chain to reduce food waste in the restaurant industry by applying the principles of the circular economy for food and the sustainable development objectives of the United Nations.

The pedagogical objectives are :

- To know the context and the stakes of the fight against food waste.
- To identify the sources of food waste in restaurants.
- To prevent food waste in its professional practice.
- To position oneself as a major actor in the fight against food waste.

Start : **1th February 2021**

End : **31th December 2022**

Estimated time **2 to 8 hours**
