

A Católica Porto Business School encoraja os estudantes do primeiro ano a estarem conscientes, empenhados e comprometidos com os 17 Objetivos de Desenvolvimento Sustentável da ONU. Assim, os estudantes aprendem sobre estes objetivos e partem de um problema da vida real para identificar um problema a nível comunitário, procurando uma forma de o resolver enquanto adoptam uma posição crítica e partilham as suas conclusões com a comunidade!

Desde seminários em sala de aula a webinars e redes sociais, a CPBS está 100% empenhada nos 17 ODS da ONU. As atividades decorrerão até 6 de Outubro, mas haverá muito mais até Dezembro. Iremos mantê-lo informado! 😊

Católica Porto Business School encourages and mobilizes first-year students to be aware, engage and commit to the UN 17 SDGs. Students learn about the 17 SDGs and depart from a real-life problem to identify a problem at the community level. They also look for a way to solve the problem while adopting a critical stance, imparting and sharing their findings with the community.

From in-class workshops to webinars and social media networking, CPBS is committing to the UN 17 SDGs. Activities will run until October 6th, but there is much more going on until mid-December. We will keep you posted! 😊
